## 2024 Community Benefits

### **Added 70 employed and independent providers**

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in primary care, surgical podiatry, general surgery, psychiatry, OB/GYN and pulmonology.

### **Invested nearly \$8.2 million in capital improvements**

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included the most advanced CT scanner available in the region, upgrades in the third cath lab for enhanced cardiac care and minimally invasive procedures, and an ORBEYE exoscope for improved precision in surgical procedures.

### **Distributed a payroll of \$131,240,496 to approximately 1,460 employees**

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.

### **Donated nearly \$66.1 million in services to those in need**

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

### **Paid \$25,774,578 in taxes**

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
