

Lake Cumberland Regional Hospital's mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region's overall well-being. Your support allows us to continue to enhance the many ways we serve and care for the Lake Cumberland region today and for generations to come. Thank you so much.

— Robert Parker, CEO

In 2019, we...

...added 18 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. In 2019, we added providers in a number of specialties, including general surgery, orthopedics, internal medicine, gastroenterology, radiology, infectious disease and family medicine.

...made more than \$11.6 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. In 2019, we opened a new state-of-the-art imaging center, added new cancer treatment center equipment and therapies, installed a spinal surgery visualization and navigation system and more.

...distributed a payroll of \$105,316,136 to more than 1,400 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$22.6 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$11,809,379 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

LCRH was honored to receive the 2019 Business of the Year award from the Somerset-Pulaski County Chamber of Commerce.

LCRH female leaders attended the 17th annual Breast Cancer Symposium, with special guest and news anchor Monica Hardin.
